

Visual Mining to Exhibit at Microsoft Convergence 2010 Major New Solution and Partner Announcements Planned

ROCKVILLE, MD – March 23, 2010 – Visual Mining, a leader in business intelligence (BI) dashboard and data visualization solutions that instantly transforms data into actionable business information, today announced the company will exhibit and attend Microsoft Convergence – the premier Microsoft Dynamics event, April 24-27, 2010 in Atlanta, Georgia. The Visual Mining exhibit will be located at booth # 539.

Fresh from a [record-breaking FY09](#), and recent SIIA 2010 CODiE finalist nomination for [Business Intelligence Solution of the Year with NetCharts Performance Dashboards](#), Visual Mining is preparing new solution and partner announcements in conjunction with its attendance and exhibition at Microsoft Convergence next month.

“We are excited to be a part of this year’s Microsoft Convergence event,” said Tristan Ziegler, President and CEO, Visual Mining, Inc. “Over the past several months, we have spent a lot of time working with customers and partners to better understand what they need to be more successful. We believe our announcements at Convergence will further enable customers and partners to drive better business results. Plus, these announcements will be significant milestones in Visual Mining’s successful 14-year operating history.”

Additional details and registration information about the upcoming Microsoft Convergence event in Atlanta is available via www.microsoft.com/dynamics/convergence/atlanta10/default.aspx.
