

NetCharts Performance Dashboards Awarded Best New Desktop/ End-User Software *Wins Stevie® in 8th Annual American Business AwardsSM*

ROCKVILLE, MD – June 24, 2010 – Visual Mining, a leader in business intelligence (BI) dashboard and data visualization solutions, today announced that The American Business Awards awarded Visual Mining's NetCharts Performance Dashboards the Winner for Best New Product or Service for Desktop/End-User Software.

More than 200 executives across the country participated in the judging process to determine the Finalists and Stevie Award winners. These members of the Board of Distinguished Judges & Advisors and their staffs selected NetCharts Performance Dashboards in the category for Best New Product or Service for Desktop/End-User Software over a pool of other finalists.

"We are honored that the American Business Awards recognized Visual Mining as an industry leader," said Tristan Ziegler, President and CEO, Visual Mining. "[NetCharts Performance Dashboards](#) (NCPD) continues to see strong customer adoption and industry recognition because of its numerous benefits, including sophisticated analysis, data visualization and interactive reporting capabilities-- or simply because NCPD is an easy to use and effective solution for exploring, understanding, and sharing data via an interactive dashboard or scorecard format."

The Stevie Awards presented over 40 categories including Best Overall Company of the Year, Executive of the Year, and Corporate Social Responsibility Program of the Year. Over 2,700 entries from organizations of all sizes and in virtually every industry were submitted for consideration. Details about The American Business Awards and the lists of honorees in all categories are available at www.stevieawards.com/aba.
