

Dashboard Accounting, LLC Selects NetCharts Performance Dashboards

*Accounting services firm allows customers to comprehensively and intuitively review business results;
Customers now able to make faster, better informed decisions*

ROCKVILLE, MD – August 17, 2009 - Visual Mining, a leader in dashboard and data visualization solutions, today announced that Dashboard Accounting, LLC, a leading regional provider of business accounting and tax services, chose Visual Mining's NetCharts Performance Dashboards™ to provide comprehensive, intuitive, and effective financial dashboards for their customers.

"We're in the business of providing business accounting and tax services to small and medium sized businesses. And we enhance our customer's success by generating a dashboard synopsis of their financial results. We chose NetCharts Performance Dashboards (NCPD) because in addition to looking fantastic, NCPD provides an easy, intuitive way for us to deliver value to our customers," said Terri Ream, President, Dashboard Accounting, LLC.

NetCharts Performance Dashboards enables *Agile Performance Dashboarding™*; where the power of business intelligence is immediately placed into the hands of the end-user. This provides an attractive alternative to the costly and lengthy implementation cycles associated with traditional business intelligence tools.

"We are pleased Dashboard Accounting, LLC selected NetCharts Performance Dashboards to provide customers visibility into their financial results. As a former CFO, I understand the challenges many of Terri's customers face – and I am confident NetCharts Performance Dashboards will help her customer's better plan, compete, and win in today's challenging business environment." said Tristan Ziegler, President and CEO of Visual Mining.
