

**Xetsa Adds the Power of NetCharts Performance Dashboards to their Portfolio**  
*Washington DC Area IT Services Provider and New Visual Mining Value Added Reseller*  
*Provides Unprecedented Value to Customers in Government and High Technology*

**ROCKVILLE, MD – November 11, 2009** - Visual Mining, a leader in business intelligence (BI) dashboard and data visualization solutions, today announced that Xetsa, a leading Washington DC area information technology services provider, joined the Visual Mining Partner Program as a value-added reseller for NetCharts Performance Dashboards (NCPD).

“With our personal approach and diverse client list, we needed a way to provide intuitive, comprehensive dashboards. [With NetCharts Performance Dashboards, we are able to deliver immediate value to our clients](#)-- enabling them to gain unprecedented insight and make more informed decisions,” said Lisa Bodine, President and CEO, Xetsa. “One of the key benefits is the sheer value NCPD delivers -- we can quickly create and deploy dashboards for our customers that allow them to interact with their data as they prefer. It’s an incredibly powerful product in our portfolio.”

NetCharts Performance Dashboards enables *Agile Performance Dashboarding*; where the power of business intelligence is immediately placed into the hands of the end-user. Numerous benefits for partners include:

- Short implementation cycles
- Support for a wide variety of data sources
- Ability to connect to multiple data sources simultaneously
- Powerful BI functionality combined with unprecedented ease-of use
- Cost effective; Leads to broad adoption and use throughout an organization

“We are pleased Xetsa joined the Visual Mining Partner Program as a Value Added Reseller. Like Xetsa, Visual Mining’s headquarters is located in the Washington, DC area. We are proud to add Xetsa to the growing list of organizations that use NetCharts Performance Dashboards to help drive business growth and solve customer problems,” said Tristan Ziegler, President & CEO, Visual Mining.
